Not present when the picture was taken were George Krueger, treasurer, and Richard Quinn, second vice president.

SOME COOKS have to fiddle around with measuring cups and spoons when they go into production but Roy Wilhelm who will be one of the crew of pancake makers to serve the Mokena public Saturday, April 2, points out that when you are making batter in large quantities a box of flour is the smallest measuring unit that is practical to use. The waiter here is Don Wilson, Jr. and the overseer is Frank Holiday, chairman of the committee in charge. Pancakes will be served at St. Mary hall, 195th and Wolf Rd., Saturday from 6 a.m. to 2 p.m. The annual affair is sponsored by the Mokena Lions Club with most of the proceeds going to Trinity School for Retarded Children. Mokena, Frankfort Bands Take First Place Honors

The Mokena and Frankfort Grade School Bands, directed by Perry L. Friedman, fresh from capturing laurels in the District Band contest, are looking forward to adding further honors in the state contest that will be held at Peotone April 30. Mokena Grade School was host to the District contest held last Saturday, the first time it has served as such. Mokena won a first rating among the D Class bands; Frankfort had a first among the bands in E Class.

The classes are determined by school population. In the district meeting at Mokena there were, C, D and E Class bands.

Sixteen bands participated in the contest and one orchestra. The orchestra was from Brookwood. Each

participant played three selections.

Only one C Class band was present, from Chaney school in Lockport Township. It won a first as did all the D Class bands, Mokena, Gen. George Patton, Peotone, Earville, Laraway, Kelvin Grove, and Brookwood. Brookwood had a band as well as an orchestra, and the orchestra also took a first place.

E Class bands taking firsts besides Frankfort, were Rockdale, Manhattan, Seneca, Taft (Lockport).

E. Class bands with seconds were: Manteno, Somanauk and Leland.

The contest began at 7:40 a.m. with Mokena and Frankfort the first contestants in that order. Approximately 1,400 youngsters and adults

attended the contest. It ended sometime after 4 o'clock.

The judges were, Robert C. Taylor, Lincoln - Way High School band director; Bruce Houseknecht, Joliet Central High School band director, and Robert Haddick, music head at Wilson Junior College.

It was a long day and a busy one for all concerned with arrangements for the affair, the Band Boosters, PTA Room Mothers, the office, building and teaching staffs of the Mokena schools and the committee of women that prepared and served food and beverages. The Mokena fire and police departments also aided in the undertaking. Another chore was returned off all the risers and other equipment borrowed from Lincoln - Way high school.

ORLAND FIREMEN complete advance first aid course thru Red Cross. Harold Ralston, Red Cross instructor is shown here giving cards to Fire Chief Arthur Granat for distribution to the men who successfully took the course. (Orland FD photo)

Firemen Take Red Cross Refresher Course

For the past ten Sunday afternoons the Orland Park Volunteer Firemen have been taking a refresher course in advanced first aid, sponsored by the American Red Cross.

Many of the men on the department already hold advanced First Aid cards from courses completed last year but decided to take the course again - they felt they could benefit from the additional training.

On March 27, instructor Harold Ralston, presented 29 firemen with advanced First Aid cards. In addition to the cards the men received Red Cross emblems to wear on their jackets and dress shirts.

Advancing one step further in their training are several men now studying to be First Aid instructors. Upon completion of this course the men will be certified by the American Red Cross to teach and instruct classes in standard and advanced First Aid.

Acting assistant chief, Eugene Felthen, who is also drillmaster, made the following comment; "The men have completed their first aid training and now have one more step to go. They must familiarize themselves with the new ambulance when it arrives. Safety is considered a part of first aid training and although each fireman is already schooled

in safe driving, he must avail himself of any new vehicle in the department and be able to pass a test before he is qualified to drive".

Orland Graders Studying French

Seventh and eighth grade students at the Orland Park School have been receiving instruction in the French language from a staff member of the Carl Sandburg High School for the past seven months.

Formerly the seventh and eighth graders had received instruction in the language from a staff member of the grade school. Last summer officials of Consolidated High School District 230 and Orland School District 135 collaborated in the planning and development of a program which utilizes the specific talents of high school personnel in specialized instructional areas at the Junior High School level. School officials are currently evaluating the success of this year's token

program and assessing the feasibility of expanding it to include perhaps, a second foreign language next year.

In conjunction with and including some high school personnel at the junior high school level, the administration of the Orland Schools are cooperating with the Chilton Corporation in evaluating the effectiveness of the French program at the sixth grade level. Presently this program is being carried out by the classroom teacher with the assistance of educational television programs, records, workbooks and recording tapes. The ultimate objective is of course, to develop a well coordinated and sequential program in foreign language instruction that will encompass both the elementary and high school grades.

Friant's Bid Low On Mokena Pump House

At a special session of the Mokena village board members last Saturday with the village engineer, Ralph Yunker, the bids received at the meeting March 16 for the pump house and pump for the new well, were reviewed and decisions reached on the award of contracts.

Ervin D. Friant will build the pump house; J. P. Miller, of LaGrange, will supply the pump. Miller's bid was \$4,153 with a deduction of \$691 for a right-angle drive. The pump will deliver 600 gallons per minute. Five other firms also bid. Their figures, with deductions, were: Layne-Western, \$4,320 and \$550; Wehling Well Works, \$4,346 and \$700; Schneller, \$4,890 and \$550; Thomas Pump, \$5,297 and \$500; Allen Drilling, \$7,126 and no deduction.

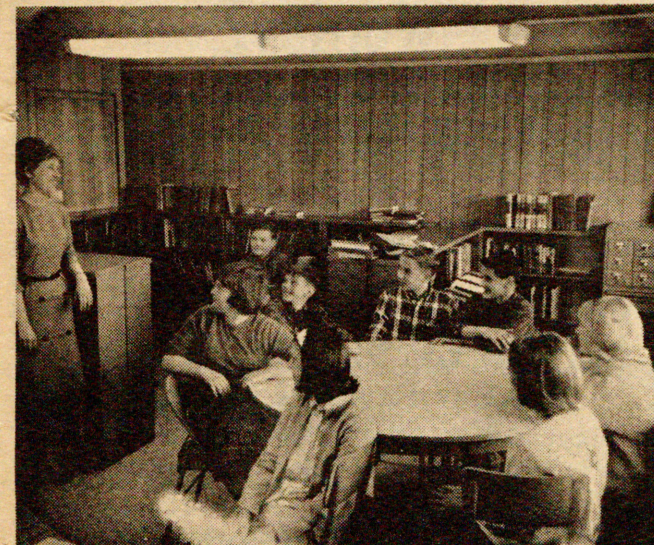

There were three firms that submitted bids on the pump house: Gaskill & Walton, \$19,290; Friant, \$20,017; Staggs Custom Construction, \$20,880.

There was an alternate in the specification for a wooden roof and shingles. Gaskill & Walton bid only on a cement roof. The other two figures shown were bids that included cement roofs. The alternates for the wooden roofs were a little

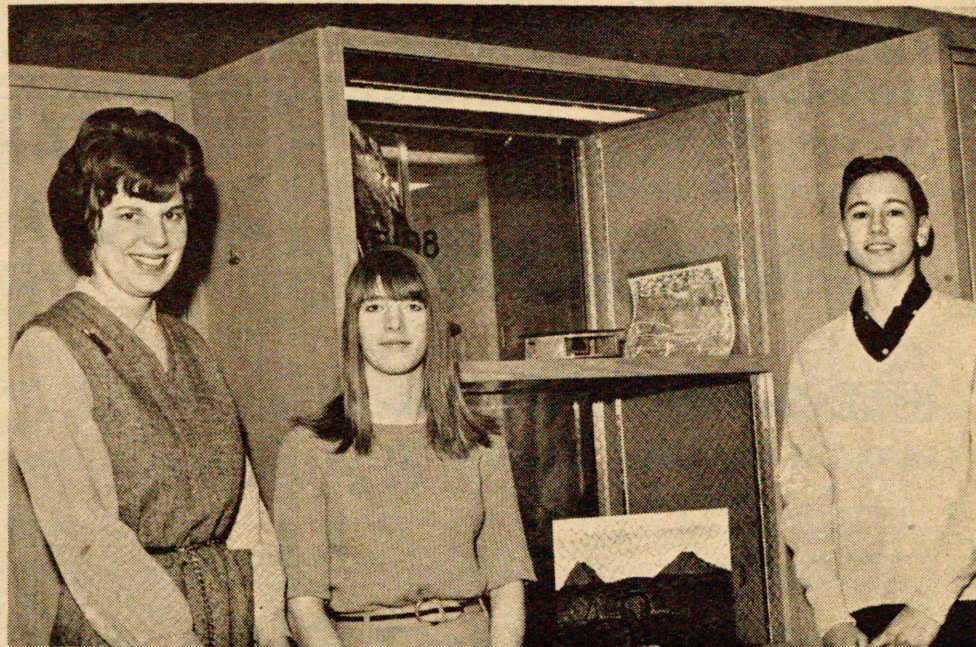

over \$2,000 less in each instance, with left Friant low with a figure just under \$18,000, according to Village Engineer Yunker.

In return for allowing Grey Real Estate office on Wolf Rd., to tap into the Y sewer stub at the Standard Oil pro-

perty line the village requires the firm to forever bear cost of maintenance of the sanitary sewage connection from its property to and thru the main on the west side of Wolf Rd.

Mokena Couple Is Winner In Sales Contest

Bev and Roy Carlsen, of 10908 First St., Mokena, a husband and wife sales team, are prize winners in a regional sales contest among the distributors of a nationally known line of household aids and cleaning compounds.

Mrs. Carlsen wanted something to do to occupy some of her spare time so with a \$10 bill she went into business. That was 22 months ago. She did so well that her husband, a graduate electrical engineer and at that time a salesman for a manufacturer of electrical equipment, decided to join her. He is happy that he did.

The company itself is six years old and the past year, Carlsen said the records show, it did a \$40-million business. There are a number of firms that had that amount of business the past year but what makes this

company unique is that all its business is on a cash basis. The distributors pay cash for their wares and their customers pay cash on delivery.

Cub Scouts Plan Father Son Wiener Roast

MRS. EDWARD HOVI
Telephone: 479-5740
The Arbury Hills Cub Scout Pack held their March meeting at the school last Friday evening. It was announced that there would be a father son wiener roast held this year in the empty lot next to the home of Fran Crones, cub scoutmaster, at 9402 West Ash avenue, on Saturday April 23 at approximately 5:30 p.m.

There will also be a miniature fun-fair for the cub scouts and their families at the school on Saturday, May 21 from 1 to 4 p.m.

A third announcement was made that there would be a fund raising project on a monthly basis which would be collecting empty bottles which had a refundable deposit on them. The treasury is sorely in need of additional funds, and it was thought that the people of Arbury Hills might not object to contributing some of their deposit bottles to the cub scouts each month, when

the boys come to the door. The boys will normally make their collections on the Saturday following the pack meeting, usually on the last Saturday of the month. The collections were begun last Saturday afternoon with happy results. Robert Lindeman, the one in charge of fund raising, will take care of the return of these bottles for the deposits.

If you were not contacted and do have a donation to the cause, please contact Mr. Lindeman at 479-9686 or bring the bottles to his home at 9452 West Magnolia.

The pack meeting was concluded by a skit on the Knights of the Round Table by Den 2-3, and a display of the boys handicrafts for the month.

The Boy Scouts of Arbury Hills will carry on their regular monthly newspaper drive this Saturday morning, April 2, beginning at 9:30 a.m.

If you have any newspapers, magazines or catalogues to contribute to the

drive, please have them bundled in some manner, and placed at the garage door not at the curb before 9:30 a.m.

The Arbury Hills Baby Sitters Cooperative will have their secretary's book change hands tomorrow, April 1. At that time it will be given to Mrs. Tom Tanis for the month of April.

Any member who needs a baby sitter after April 1 should contact Mrs. Tanis at 479-5194 at least twenty-four hours in advance of the date needed.

In addition, any Arbury Hills mother who would be interested in further information about the group should contact Mrs. Tanis for any answers to the questions on the workings of the club.

The Summit Hill Parent-Teacher Group will have their regular monthly meeting at the school on Thursday April 14 beginning at 8 p.m.

As an entertainment treat the audience will hear the

Lincoln-Way chorus give a performance following the meeting.

The eighth grade youngsters of Arbury Hills will sponsor a bake sale at the school on this Saturday morning from 10 a.m. until 12 noon to finance their annual class trip to the Springfield-New Salem area. Please patronize their bake sale.

The Altar and Rosary Society of St. Mary's church in Mokena held their third annual fashion show at the Silver Lake Country Club on March 23. An almost capacity crowd saw the latest in spring fashions for both ladies and gentlemen with a

surprise showing of what is new for the spring bride. Three of our ladies; Mrs. Louise Hendrickson, Mrs. Mary Mundt, and Mrs. Joan Rankin; and three of our men; Al Albor, Jack Kennard, and George Steinhable participated as models in the show.

Young Dickie Kelsey celebrated his birthday last Saturday with a small children's party at his home.

A surprise baby shower was given to Mrs. John Cumbee last Thursday afternoon by Mrs. Beverly Bapple and Mrs. Doris Heise.

The First Nighters will have their regular monthly

meeting at the home of Mrs. Guy Broekstra of Beechnut drive next Thursday evening, April 7, at 8 p.m.

A reminder to all those boys who registered to participate in the baseball program this summer, ALL registration fees, at the rate of \$3.50 per boy, MUST be paid by this Saturday April 2.

Arbury Hills Baptist chapel will present colored slides of the Holy Land on Palm Sunday, April 3 at 3 p.m. The slides will be shown at the Arbury Hills school building #161.

Free admission and refreshments will be served.

Forget that Gas is cheaper.

A gas incinerator "takes out" your garbage for you

No matter what the weather—the only door you'll have to open to get rid of your garbage is the one on your gas incinerator. Your garbage-saving days will be over. Nevermore will messy, soggy, unsanitary garbage clutter up your life. No more unpleasant stale garbage odors either. You'll be able to dispose of garbage and all burnable trash daily—conveniently and automatically.

Now's the time to buy—during our annual gas incinerator sale.

Special offer: 60-day home trial, no money down, up to 48 months to pay. Save \$33.50 if you have us install your gas incinerator before sale ends April 30, 1966.

Put in the garbage and burnable trash and set the timer dial. The automatically controlled gas flame will consume everything burnable including meat and fish bones, paper, boxes, corn husks, even old shoes. A second gas flame consumes smoke and odors.

After the automatic burning cycle is completed, the incinerator shuts itself off.

Some three and one-third million people ski at more than one thousand areas in 42 of the states... Even Hawaii has a skiable mountain... But, people did not always skim the slopes for sport... In ancient times skiing was vital to human existence... The primitive peoples of Central Asia used skis that looked like grass shoes for traveling, protection and hunting... Wooden skis followed and judging from the drawings on stones were not a great deal more comforting... The Asian skiers migrated to Northern Europe and the Lapps became the best of the early skiers...

The Norwegians later brought skiing to the modern world... Their military skiing prowess was their salvation during the Napoleonic wars and continued over the years... Though Norwegian skiers like Sondre Norheim and the Memmesveit brothers emigrated to the United States in the 1880's and promoted skiing, the earliest recorded use of skis in the United States predates them... It is reported that a Methodist preacher, John L. Dyer, traversed snowy Colorado in the 1850's on skis nine to eleven feet long... In the 1930's such well-known ski areas as Aspen in Colorado, Stowe in Vermont and Mont Tremblant in Quebec were developed... Sun Valley, Idaho, rose to fame in the late 1930's and Lake Placid, New York was the already famed home of the 1932 Olympic Games...

Offer Highway Posts To High School Grads

Employment in the Illinois Division of Highways will be available to 200 male high school graduates who complete a special 11-week training course this summer at the University of Illinois, according to Francis S. Lorenz, director of the Department of Public Works and Building.

The training program, conducted by the Division of Highways in cooperation with the University of Illinois, is designed for Illinois high school graduates, 17 to 25 years of age. They must have completed courses in algebra and plane geometry and have an interest and aptitude for engineering work, Lorenz said.

The training course will be conducted on the campus of the University of Illinois at Champaign-Urbana from June 12 to Aug. 26, and at the new Circle Campus of the University of Illinois in Chicago from June 27 to Sept. 9. Application blanks and information pertaining to the course are available at all high schools in Illinois and at state and district offices of the Division of Highways.

Students selected for the training program will become engineering technicians in the Division of Highways and will be paid \$300 a month while taking the course, Lorenz said. Those successful in completing the course will become full-time employees at starting salaries of \$375 a month next September.

Of the 200 graduates selected to take the special training course, 50 will be assigned to the Chicago district for study at the university's Chicago branch, while the remaining 150 will be trained at the university's Champaign-Urbana campus.

The greatly expanded state highway construction program has created the need for a number of technical employees who can perform many of the sub-professional engineering assignments in the various district offices of the Division of Highways.

Rate Reduction

Commonwealth Edison Company customers will get an annual reduction in electricity prices of more than \$3,000,000 starting next month, it was announced today by James W. Karber, Chairman of the Illinois Commerce Commission.

Mr. Karber said the reduction, to become effective April 1, results from lower costs for fuel delivered at the company's generating stations. The savings are automatically passed on to customers under a fuel adjustment clause in the Edison rate schedule.

J. Harris Ward, chairman of Commonwealth Edison Company, said the lower fuel costs were brought about mainly by unit train deliveries of coal to three of Edison's largest generating stations. Four such trains are now serving Joliet, State Line (Hammond) and Waukegan stations.

"Including this latest reduction, our electricity prices have been lowered by more than \$31 million on an annual basis since 1962," Mr. Ward said.

District offices are located at Elgin, Dixon, Ottawa, Peoria, Paris, Springfield, Effingham, East St. Louis, Carbondale and Chicago.

Open Letter from the Hirschs

Dear friends,
An honorably discharged U.S. war veteran merits a Veterans Benefit from the U.S. government as follows:

1. An American flag with which to drape the casket - after burial to be given to the next of kin.
2. \$250 toward funeral expenses.
3. A marker for the veteran's grave.
4. In some cases, a pension to the widow and minor children.

Respectfully,

Edwin J. Hirsch
